Darden School of Business Gives MSI's Hospitality Solutions Top Grades

MSI's Property Management Software successfully implemented at Darden's on Campus Hotel

Phoenix, AZ - September 25, 2008 – [MSI \(Multi-Systems, Inc.\)](http://www.msisolutions.com), a provider of hospitality solutions, today announced that Sponsors Executive Residence Center at the University of Virginia's Darden School of Business has purchased and successfully installed the company's WinPM property management software and WinSAM sales and catering software, as well as professional and software consulting services. MSI's hospitality solutions will be used to facilitate the management of Sponsors, a 181 unit executive residential property located on the grounds of the Darden School of Business.

Marie Pace, the director of lodging for the property at Darden stated, "We selected MSI's hospitality solutions, WinPM and WinSAM to manage both the front office and our sales and catering office. It was important for us to have a single partner that was able to provide an integrated solution."

Pace added, "Darden was committed to selecting a partner, not just new technology for our property management software. Throughout the evaluation process MSI showed they could meet our requirements. We are all very pleased we selected MSI and look forward to a long rewarding partnership with them."

"It is the goal of MSI to work side by side with our clients, to fully understand their requirements and business needs. Every site has unique processes and business rules. MSI's consultants invest the time to understand and work through even the smallest details," stated Andrew Sanders, MSI's Vice President of Sales regarding MSI's commitment to partner with clients.

WinPM and WinSAM work hand in hand as part of MSI's complete line of hospitality solutions. WinPM is property management software that automates front desk operations, while WinSAM makes it easy to manage the everyday needs of a property, including sales and catering. For more information about the hospitality solutions and software consulting services offered by MSI, please visit www.msisolutions.com.
