MSI Completes Purchase of REMco Software

Creating one world-class, hospitality software and services organization dedicated to empowering the lodging industry

Phoenix, AZ – June 17, 2010 – Phoenix, Arizona based hospitality technology solutions leader, MSI (Multi-Systems, Inc.), is pleased to announce the purchase of REMco Software Incorporated. REMco Software is headquartered in Dickinson, North Dakota providing technology and services to over 3,000 hotels including Best Western, La Quinta, Value Place, Extended Stay Hotels, InTown Suites as well as 600 independent properties.

MSI's investment in REMco will increase the products, solutions and services available to both organizations' current and future customers. "By combining our assets, we are not only increasing our industry leading solutions and services, we are also enhancing a team of talented and skilled professionals," stated Tim Tiller, MSW, President. Tiller went on to say, "This investment enhances both companies' abilities to deliver quality software and services for leading brands, management companies and independent properties."

The integration with REMco Software continues to reinforce MSI's mission of empowering the lodging industry. REMco's client base, company culture, and steadfast leadership synchronize well with that of MSI's customer and corporate philosophy. "We are excited to join MSI," shared Mark Loyd, President, REMco. "Throughout the due diligence process, MSI's team has taken great care to ensure REMco's employees and clients will benefit from the combined energy of both companies."

The combined teams are committed to ensuring a seamless integration of MSI and REMco. For our customers that integration means our operations continue with the same telephone numbers, contacts and personnel in our Customer Support Services Centers. Customers will continue to receive software support and services as was in place prior to the purchase. MSI's and REMco's solutions and services will continue to be sold and supported.

About REMco Software

Based in Dickinson, North Dakota, [Remco Software Incorporated](#) designs, distributes and supports property management software for the hospitality industry. Our premier product, NiteVision, is currently installed in over 3000 properties worldwide.
